

October 2, 2020

This letter is to inform our customers that on Friday, October 2nd, one of our Broken Bow East Branch employees tested positive for COVID-19. This employee is in quarantine and is experiencing mild symptoms. We wish them a speedy and healthy recovery!

This employee did not have what is defined as close contact with any customers, so risk of exposure is considered nominal. After discussions with Loup Basin Health Department, our East Branch employees have been quarantined for 14 days out of an abundance of caution.

The East Branch will be closed on Saturday, October 3rd, to allow the facility to be deep cleaned this weekend. In order to properly staff all locations, the East Branch will now operate Monday through Friday from 8 am to 5 pm until resuming normal hours on Monday, October 26th.

Thank you for your patience and understanding.

Stuart Fox, President & CEO
